All District Deputy Grand Masters
All Missouri Lodge Worshipful Masters
All Missouri Lodge Secretaries

Brethren,

Whereas, due to the continuing influx of COVID-19 cases in the state, and due to the possibilities of extended and/or increased federal, state, county, and/or local municipality restrictions that could affect the ability of lodges to meet, and since the blanket dispensation sent out with EDICT 11-18-2020 is set to only be effective through 1-31-2021.

Therefore, MWB Barry Cundiff is reissuing a revised blanket dispensation that will allow all Missouri Masonic Lodges, to continue to cancel or postpone their stated communications at the discretion of the Master, until the date of April 30st, 2021, to be in compliance with Federal, State, County, or City/Municipal laws, ordinances, mandates, health concerns, or to prevent or limit exposure of the members during meetings involving close proximity and subsequent possible contact to the COVID-19 virus.

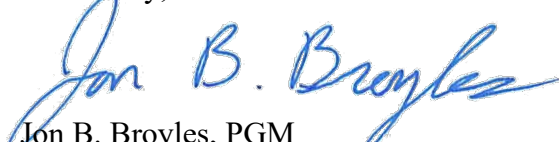

This dispensation does not require lodges to cancel or postpone their meetings as long as there are no Federal, State, County, or City/Municipal laws ordinances or mandates that would affect the location where the lodge meets.

This revised dispensation does not change EDICT 11-18-2020 which remains in full effect indefinitely, which prohibits lodges from doing degree work until a new edict is issued revising that position.

The report to the Grand Lodge office as required by this dispensation is only necessary if meeting are canceled or postponed by the Master according to the conditions of this dispensation, and not until the lodge returns to its normal meeting schedule or the dispensation expires.

Please contact this office if you have any questions or concerns about this dispensation.

Fraternally,

Jon B. Broyles, PGM
Grand Secretary
